

# RockSat-X 2019

## Intent to Fly (IFF) Form

*DUE BY: September 17, 2018 at 8:00 AM MDT*

This form is designed for customers to express interest in the RockSat-X 2019 program. Responses to the questions on this form will be used to gauge interest in the program and establish the allotment of space and resources. The Colorado Space Grant Consortium (COSGC) understands that payload and/or team members will not be fully developed at this stage, but please do your best to fill this form out as completely as possible.

<b>PI Contact Information:</b>					
Name:	Last		Middle Init.		First
Organization:					
Phone*					
Address:	Street				
City, State:					
Experiment Name:					

<b>Experiment Description:</b> <i>(Brief description of purpose and scope of possible missions—if known at time of submittal)</i>

<b>Sharing:</b>	
As is described in the RockSat-X User's Guide, there are options for sharing a payload space with other customers. COSGC can pair teams that do not have partners that are not occupying an entire experiment space. Please indicate below the status of your experiment sharing needs.	
Entire Experiment Deck	
Share (will find partners)	
Share (need to be paired)	

<b>Costs and Acknowledgement of Understanding:</b>
We, the above-mentioned team have read and fully understand the costs, requirements, and selection process associated with the RockSat-X payload space as outlined in the RockSat-X Payload User's Guide. We also understand that the User's Guide was under revision at the time of the IFF submittal, and we will review the next revision in no longer than one week from its release. We understand that a fully refundable \$2,000 earnest deposit is due on October 18, 2018 if we are initially selected. Additionally, the undersigned understands that if selected as a primary customer after final down selections that the team will be responsible for the remaining sum of the total bill as outlined in the User's Guide. The total bill covers: costs for launch, mission management support, and other amenities provided at Wallops on the week of launch. The final two installments will be due in February and April.
