ROCKON 2023

REGISTRATION OPENS ON:

January 23, 2023

RockOn! is a hands-on workshop teaching participants how to create a sounding rocket experiment from scratch over a 5-day period and then launching it into space on the 6th day of the workshop. This is a team experience and takes place at Wallops.

The workshop is designed for college students and faculty. There are no prerequisites for participants. Anything needed to be successful at the workshop will be taught at the workshop. The workshop is expected to take place from **June 16th - 22nd, 2023** with launch expected on **June 22, 2023**.

Team size is 3 to 4 people. Each team builds one RockOn experiment. All experiments will fly on the rocket and into space. You must sign-up as a community college or university team; no individual registrations will be accepted. Please note that this year, RockOn will be limited to 20 teams. Teams will be able to apply up to the deadline, followed by a down select.
